Back to School!

A group of local community members went “back to school” in late May and the Winchester District Memorial Hospital Foundation is happy they did. In fact, close to 300 past students attended the Winchester High School reunion to share memories of their school experience. When the festivities were over, the leftover planning money was donated to the Foundation - \$1,600 in total.

WDMH Foundation’s Managing Director Kristen Casselman attended a backyard cheque presentation at Dwayne Holmes’ home on June 25th. “Thank you to the organizing committee and to everyone who was part of the reunion. The money will be put to great use, supporting WDMH’s highest priority needs.”
