

MEDIA RELEASE

Date: December 11, 2015

Smiles all around!

This year's Tim Hortons *Smile Cookie Campaign* brightened many faces - most importantly, the patients at Winchester District Memorial Hospital (WDMH). \$10,360 was raised to support the hospital's highest priority needs this year.

The Tim Hortons *Smile Cookie Campaign* has been supporting local communities since 1996. This year, cookie sale proceeds from stores in Winchester, Morrisburg and Long Sault were designated for the WDMH Foundation.

At presentations at all three locations, Managing Director Kristen Casselman, saying that she was honoured to accept the donation on behalf of the WDMH Foundation. There was even some applause as the photo was being taken in Winchester. "Thank you to all of the customers who purchased a cookie as well as the staff who help bring smiles to everyone. Thank you to Mr. St. Denis for supporting WDMH year after year through this campaign."

Owner Robert St. Denis noted: "We are glad that we can contribute to the hospital. We have been doing this since we opened and plan to continue for many years. Everyone needs our hospital".

The *Smile Cookie Campaign* began in Hamilton, Ontario and has expanded across the country to help a variety of children's charities, hospitals and community programs.
