Giving Back to the Community

The Dundas Soil and Crop Improvement Association says it likes to give back to the community – and the Winchester District Memorial Hospital (WDMH) Foundation is grateful for the support.

At a recent presentation, the Association presented a cheque for \$500 to WDMH Foundation Board member Sheri Waldroff. The donation is designated for the Foundation’s general equipment fund.

“Equipment is a high priority and it’s very expensive,” notes Garry Brugmans from the Dundas Soil and Crop Improvement Association. “We are a volunteer, non-profit organization and we like to put money back into the community.” Other recipients included the Dundas County Food Bank, the Dundas Farm Safety Association and Dundas County 4H.

“We are very grateful for this generous donation,” notes Kristen Casselman, Managing Director of the Foundation. “The Foundation raises funds to support WDMH in providing the very best health care close to home and gifts such as this help us to achieve this goal. Thank you!”
