

## MEDIA RELEASE

Date: July 6, 2017

### Legion Lottery Raises Funds for WDMH

Royal Canadian Legion Branch 48 in Morrisburg was formed in 1926 and they've been helping local communities ever since. Recently, they presented a donation that will support literally thousands of people every year at Winchester District Memorial Hospital.

On June 19<sup>th</sup>, the Legion presented a cheque for \$5000 to WDMH Foundation Managing Director Kristen Casselman. The money was raised through the Legion's lottery and will be directed to the general equipment fund in support of the Automated Dispensing Cabinets (ADCs) for medication. The ADCs ensure the right drugs are dispensed to the right patient at the right time. They simplify the process and increase patient safety.

"We are always grateful for the support of the Morrisburg Legion. My sincerest thank you for this gift and all that you do for our local communities," noted Kristen.
